- >> **Best Truck Scales in the Industry.**
- >> **Legal-for-trade scales available.**
- >> **Affordable weighing solution, monthly rates available.**
- >> **Quick and reliable setup.**
- >> **Variety of products and solutions.**

FOUR EASY STEPS TO UPTIME

1

Give us a call or e-mail to setup a time to have a technician survey the site.

2

Site is surveyed and a time is scheduled to have the scale and crane delivered (Titan PV only).

3

Scale is put into place, anchored, wiring connected to indicator, approaches formed, and scale is calibrated all in the same day.

4

Up and running.
